Abstract

The thesis of the research is to deal with relations between Russia and Yemen after 2011. That relation was significant in different fields, historic, economic, strategic and cultural ones. There are mutual interests between Russia and Yemen, especially with the economic development and growth in Russia as an important partner to Yemen. Their has to an a great deal of progress in different types of relations, where as they were only partner in military relations. The study was classified into three sections: the first section dealt with strategic importance of Yemen to Russia. And second section dealt with the military factor between Russia and Yemen. While the third section dealt with the economic factor between Russia and Yemen. In addition to conclusion.
